# Dri-Air APP Mobile Application

The Dri-Air Drying APP application is a complete database of drying information including application forms, presentations, brochures and manuals. The application is designed to store all the information locally on the tablet or phone to ensure all sales materials can be viewed without internet access.

❖ Setup Ipad and Iphone

1.   **A** - To download the application go to http://www.anashtech.com/driairAPP/ and click on the icon. **B** - A popup box will appear, click install to download and install the application.
